

FPA ARCHITETTURA WINS A PRESTIGIOUS EUROPEAN PROPERTY AWARD

London - July 2014

FPA ARCHITETTURA is among the winners for Europe in the Hotel interior design category at the International Property Awards 2014-15.

The winning project, designed by Michele Franzina and his team of architects and interior designers, is the refurbishment and interior design of Relais Cà Sabbioni, an ancient Venetian villa fully restored and retrained as luxury 5 stars Hotel.

FPA ARCHITETTURA has been selected among other architectural and interior design firms in Europe, that have been invited to submit an interior design project for an existing Hotel. The award will be given during the official ceremony at the Marriott Hotel in Grosvenor Square, London, on the evening of October 14th.

The award represents a significant achievement for FPA Architettura. The International Property Award is recognised as a symbol of excellence throughout the industry and entries are subject to a stringent vetting procedure, with only six per category, per country put through to the rigorous judging process.

The Awards judging panel consists of over 70 highly respected experts from all over the world and is chaired by three active members of the

House of Lords: Lord Caithness, Lord Best and Lord Courtown.

For each category the region's highest-scoring "5 Star Winner" is automatically awarded the regional award, in this case Europe, for that category.

At the end of the awards year, all regional winners will have their entries re-judged to decide the International World's Best award winners.

The International Property Awards will also host the European Property Awards Summit during the day on October 14th at the Marriott Hotel in Grosvenor Square, London. A number of professional networking events including seminars and discussion tables will be attended by Presidents, CEOs, Managing Directors, Chairmen, designers and architects, investors and developers of the interior design and architectural world.
